STONE
CONNECTION

Stone Connection is one of the major international distributors of natural stone slabs with branches in South Africa, Europe and the United States of America.

Stone Connection offers a diverse product range by drawing on a vast network of quarries, processors and distributors in order to source materials according to specific client requirements.

Our commitment is to provide quality, availability and value in natural stone.

Stone Connection offers the highest quality slabs of marble, sandstone and granite in a wide variety of colours and finishes.

Stone Connection delivers unparalleled customer service and strives to ensure the continuous supply and availability of both local and imported natural stone slabs.

Natural stone varies in colour, grain and texture due to its geological composition and therefore these images only give an indication of the material and cannot be binding on any future purchases.
